

Riley Park Collective

LFS
350

The Riley Park Collective is permitted access to the fieldhouse in exchange for **350 hours** of community education.

Our goal:

Create a framework for an education plan

OBJECTIVES

1

Identify potential community partners to give workshops

2

Identify barriers to providing workshops

- ✓ Create application form to host workshops
- ✓ Survey interest of local organizations and community members
- ✓ Measure responses quantitatively and analyze input qualitatively

SIGNIFICANCE of Neighbourhood Collectives

Creating connections between local *people* and *organizations* can:

- help different stakeholders form relationships
- shift food distribution to local sources
- increase food system engagement

IMPACT:

Improved food access and food sovereignty
